

## RMMMA Mobile Meeting Notes May 2018

- Started with business meeting and reading of Anti-Trust statement
- Announced next meeting will be in Rapid City on December 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup>
- This year's scholarship winners were Tyler Geving and Kalin Reinhart
- We then went into our Safety part of the meeting and Shilo Jasso did a presentation for us called the 7 deadly sins of safety.
- Komatsu/Letourneau was the next presenter. They talked about moving forward with Joy Global. They also discussed the D375A-8 which is the 1<sup>st</sup> tier 4 machine of this size for them. They also talked about the PC200-11.
- ESCO was next on the list they talked about GET and their hammerless system.
- Ansul then gave us an update on their new systems.
- T&L Salvage was next on the agenda and gave a presentation on his gear reduction O-ring mount starter. Brake Supply will be the distributor for these.
- Next on the list was Cat Reman. They talked about parts quality and availability and how they were going to get ahead of it. This sparked a lively conversation with many of us.
- Friday morning started with suggestions for the next meeting. SLS lube was brought up as was Fuel injectors with a vendor that Mike Steele is using. Also Cummins, Cat or MTU on tier 4. Def fluid dispensing, Carlisle Brake, Wheel Motor rebuilds, Vibration testing and one eye filtration.
- Liebherr then presented on their 776 D-10 class dozer.
- We then went into open discussion ITM was discussed with most mines reporting good luck. The 18M Blade was brought up one of the mines has one ad it is working great. C-18, C27 and C32 liner cracking is being seen at several locations.
- Trapper mine has built a double slide for the 16M Moldboards.
- Several locations having trouble with Hyd. Pumps coming loose on the 657G.
- Having trouble with bucket links stretching on the 993 loaders.
- Meeting Adjourned.
