"Bringing maintenance professionals together since 1974"

The RMMMA's mission is to bring maintenance professionals together to share ideas, best practices and promote a strong support network that will help members solve new and challenging problems while providing a unique training opportunity. RMMMA holds bi-annual meetings in May and December at the Holiday Inn – Rushmore Plaza in Rapid City, South Dakota. Each meeting features two completely separate agendas geared specifically toward mobile maintenance or plant maintenance professionals. RMMMA meetings always kick off with a meet and greet cocktail hour on Wednesday evening. On Thursday, our members attend a full day session with presentations from members of the Rocky Mountain Suppliers Group (RMSG) demonstrating the latest mobile equipment and plant technology as well as specific systems and solutions to help resolve many of the maintenance issues our members are currently facing. The event wraps up at noon on Friday with a half-day session including a safety talk and an open forum discussion.

The information presented at RMMMA will ensure that your maintenance program is keeping up with the latest data on new equipment and technology while avoiding costly mistakes or struggling with issues that other members have already resolved. As an example, a maintenance supervisor at a mine in North Dakota explained how his mechanics received invaluable information from RMMMA when his mine purchased a new fleet of haul trucks that no one had any experience working on. "Other RMMMA members had experience with large fleets of these trucks and their knowledge about how to make them run and their willingness to share it, made it more than worthwhile for our people to attend RMMMA."

There are a lot of good maintenance products out there, especially if you ask the vendors who sell them. RMMMA allows you to bypass the sales pitch and talk directly to the end users who will give you the good, bad and the ugly. Attending RMMMA can help you make more informed purchasing decisions to get you more bang for your maintenance buck. In today's fast paced world, it is absolutely critical for maintenance professionals to stay up to date on proven products and services.

Attending RMMMA can be extremely valuable for maintenance managers and supervisors as well as purchasing agents. It is also very beneficial for your key mechanics; the folks you depend on to get things done and keep everyone else on track. When outstanding maintenance professionals form a network, they can pick up the phone or shoot an email to a fellow RMMMA member any time night or day and more often than not, they're provided with a solution or some advice about what to do or where to go for more information or help. Participating in RMMMA will definitely pay, so join us today!

For more information email info@rmma.org and don't miss the next RMMMA meeting, December 4 - 6, 2019.
